Halo: Max

"Attention! Today we will be flying to planet UC-12, better known as _Philip._ Now as you all know this will be a very special mission, you will have a spartan on the mission so treat him with respect or you will be demoted!" "Sir yes sir!" The group of ODST's were dismissed and one of the younger looking troopers looked wildly at the spartan. "John-117? Whats so special about him?" The guy to his side hissed in almost as soon as he heard him spit out that sentence. "He is the one of the only Spartans left, our only hopeâ€|" "Our only hope! We are ODST's and your saying we are not worthy of saving this world at all? Are we like a disabled child, used only in desperate hope and helped when people think we are in trouble even though we have not asked? This is bullshit!" As the trooper had taken another breathe for one last statement, the spartan had walked up to him. "You are not like a disabled child, more like a special child, picked to do a deed only worthy of certain people. I do agree that Spartans do overshadow ODST's but talking will not solve problems, actions will, so if you really want to show that ODST's are really what they are, then do your duty now CPL Gaines."
